

THORPE & CO.
LETTINGS AND PROPERTY MANAGEMENT

Bank Place, Salford M3

Bespoke block of 5 luxury apartments

Having built this bespoke block of 5 apartments, the owner was looking for a lettings & management agency he could depend on

Having built this impressive development of 5 luxury apartments, the owners needed an agency they could depend upon to maximise and safeguard their investment.

Thorpe & Co Living were chosen because of their hands on approach and all round commitment to providing both landlords and tenants with the best possible service.

When complete our maintenance team thoroughly inspected each apartment including all appliances and plumbing carrying out any snagging that may have been required.

This was followed by arranging for furniture packs to be installed and making the apartments 'rent ready' in readiness for marketing.

Viewings were quickly arranged with tenants happily moving in shortly afterwards. All five apartments are consistently tenanted providing the investors with solid rental income and excellent potential for capital growth.

In the owners own words 'Thorpe & Co cover all bases with their one stop approach to residential property investment. They epitomise professionalism and integrity'

Furniture pack, property dressing and pre-let cleaning... all part of the one stop service from Thorpe & Co Living
